

Mercedes Winstanley

@mercedeswinstanleyhair

Step into my chair and prepare to feel seen, heard, and completely transformed.

With over a decade in the industry, I've built my career on three pillars: creativity, warmth, and effortless style. I absolutely love giving people the full works—because you deserve nothing less than luxury.

My passion is colour, and my signature is Bespoke Express Luxury. Whether I'm crafting soft, lived-in blondes or experimenting with bold, creative tones, my approach always enhances your natural beauty while keeping things classy, modern, and refreshingly low-maintenance.

My experience spans some of the most beautiful salons, editorial shoots, events, and workshops with leading artists. But honestly? The real magic happens right here in the chair, where trust, connection, and great conversation meet gorgeous hair.

I believe exceptional hair starts with exceptional communication. I'll listen to your vision, share my expertise, and work with you to create something that makes you feel absolutely incredible. Because when you leave my chair, you shouldn't just look amazing—you should feel like the very best version of yourself.
